Dear Tony, Lisa & Duncan,

I am so pleased with the successful conclusion that you and your team have achieved for us. I am wiser in a range of building and legal matters now but I am not discouraged by the personal inadequacies that caused our problems. We will move on and repair our building.

It was a real plus to have known each of you throughout this litigation and I am hopeful that when a social occasion brings us together again, that I will tell you about a beautifully renovated Sjöndal.

Sincerely
